MEMORANDUM FOR: Deputy Director for National Foreign Assessment
FROM: Director of Central Intelligence
SUBJECT: Soviet Attitude Toward Iran

25X1 I think John Waller's paper on the Soviet attitude toward Iran
[redacted] is very useful and I'm considering sending it to the
President in the next few days. May I have your views on whether
NFAC concurs in it, and/or would like to write a companion paper,
and/or would like to make modifications to John's paper. [redacted]
